STATE OF WEST VIRGINIA,) EXECUTIVE DEPARTMENT, CHARLESTON, Sep. 13, 1870. To the Boards of Registration :

Since the instructions to Boards of Regis tration and Township Registrars, issued from this Department on the 15th day of June, 1870, a concerted and mischievous plot to subvert the plainest provisions of our State law, regulating the registration of voters, has been inaugurated in many counties. The parties engaged in it have seized upon the act of Congress entitled "An Act to enforce the right of citizens of the United States to vote, &c.," approved May 31st, 1870, [generally known as the "Act to enforce the XVth Amendment to the Constitution of the United States," | and by false and violent constructions of its provisions, sought to convert it into an instrument of terror with which to intimidate the Registrars. Boards of Registration, and Election Officers. So far has this scheme been carried out, that the Registrars in all the counties were threatened with fine and imprisonment if they refused to do as these self constituted interpreters of the law demanded. In many counties the Registrars were arrested and placed under heavy bonds to appear before the United States District Court, and in other counties were lodged in the common jails; all this because these officers declined to violate the oaths they had taken, by putting upon the registers of voters the names of persons disqualified to vote under the Constitution and laws of the State.

As soon as the violent proceedings thus instituted could be brought before the proper authorities, they were declared illegal, and at once ordered to be dismissed. When the Attorney-General of the United States was apprised of the prosecutions instituted against Registrars, he promptly ordered their discontinuance as illegal; the Grand Jury, at the session of the United States District Court held at Clarksburg, on the 24th day of August, 1870, failed to find a single indictment against the Registrars; while the decision of the Hon, Hugh L. Bond, Judge of the 4th Judicial Circuit of the United States, in the McIlwee habeas corpus case heard on the 26th ult..., at Martinsburg, swept away the last shadow of a pretense remaining to those who had commenced prosecutions against the State officers. By the proceedings just recited, it will be seen that the State authorities have been fully sustained in their construction given to the "Enforcement Act" of Congress, and in the instructions issued to the Boards of Registration and other officers whose duty it is to execute laws of the State.

Your duty, therefore, is plain. Execute the law relating to the registration of voters, Court for Wayne county, Judge James II. as formerly instructed, fearlessly and impar-ferguson, in his charge to the Grand Jury, tially; not permitting yourselves for a motially; not permitting yourselves for a moment to be deterred by intimidation, threats of prosecution or violence; exclude no citizen from registration who is entitled to vote; register no one who is not entitled to vote.-In thus honcetly executing the law, you will be sustained with whatever power is at my

opinion, after an examination of the registers of voters returned by the Registrars, that any person whose name has been registered is not a qualified voter, for any cause mentioned in section 1, of article 3, of the Constitution of W. Va., the last clause of which provides. that "no person who, since the first day of June, eighteen hundred and sixty-one, has given or shall give voluntary aid or assistance to the rebellion against the U. S., shall be allowed to vote at any election therein unless he has volunteered into the military or naval service of the United States, and has been, or shall be honorably discharged therefrom," it will be the duty of the Board in every case, as well where such person was required by the register to take and subscribe the oath described in section 3 of chapter 3 of the Code of West Virginia, as where he was not so required, to cause a notice to be served at least three days before the return day thereof upon such persons to appear at their regular meeting on the first Monday in October, to show cause if any he can, why his name shall not be stricken from the register of voters. Such notice should be issued and served in conformity with sections 34, 35 and 37 of said chapter 3. If such person does not appear as requested by said notice, or if appearing he does not "prove to the satisfaction of the Board that he is a qualified voter in the township in which he has been registered," it will be the duty of the Board to "strike his name from the register of voters." It will be perceived that by section 35 of said chapter, the Board has a right to ask the party who has been registered, and that they are of opinion is not a qualified voter, any question the Board may deem necessary, and has also a right to examine, upon oath, such witnesses as the Board may deem proper, or, the party interested may produce for the same purpose; and, if after hearing all the evidence, the Board "is not satisfied" that such person is a qualified voter, either because he was in the Confederate Army, or for any other cause, it will be the duty of the Board, no matter what oath he has taken or offers to take, to strike his name from the register of voters. You also see that by section 26 of said chapter 3, Those who allege that he is disqualified must | if the Board cannot get through at the said regular meeting on the first Monday in October, or at any other meeting with the busirebellion, they must prove it before they have ness it has to do, it may adjourn from day to day until the business is completed. And from the fragrant sod
The spirits of a thousand thowers

While in his holy temple We meet to praise and pray With cheerful voice and grateful lay, This Summer Sabbath Day!

"I have the happiness to number among my friends many printers; but though it may seem to imply a lack of ability on the part of the minister, or the want of the qualities, I never succeeded well with that class. For the nine years of my connection with the penitentiary, with all the inducements offered, not one of that trade has connected himself with my congregation; and I do not think a man could be found of all who tenanted our prison, who could set a column of type. I leave the reader to make his comments, only remarking that this cannot be accidental, ner can the explanation be that the employment keeps me ignorant of the prevailing vices and immorralities; nor yet, that young printers are removed from the large masses where corruption engenders and spreads. In all these respects, this class is exposed. It is evident that the
